

"VI SERIES" BELT DRIVEN INDUSTRIAL WALL EXHAUST FAN

Accessories:
 Screen Guard
 Automatic Wall Shutter
 Rain Hood

- * Rolled Inlet Venturi for efficient air flow
- * Venturi coated with polyester powder coat finish
- * Rugged heavy gauge galvanized housing

1-1/2 hp and smaller are designed with Triangle's Exclusive "X-Wing" Belt Tensioner providing low maintenance and extending the life of the belt and motor
 2 hp and larger have a standard stationary motor mount

X-WING BELT TENSIONER

Optional Features:

- * When ordering Totally enclosed motors, add T suffix to model number. Consult factory for price and delivery
- * When ordering Hazardous Location fans, add HL suffix to model number Hazardous Location (Explosion proof motor with aluminum blades) Motors are Division 1, Class 1 Group D and Class II Group F&G (see page 18)
- * Two speed single phase motors available up to 1/2 hp 115V only Consult factory for price and delivery
