VES-Artex offers two styles of commercial and industrial grade ceiling fans. Our moisture-resistant style fan is designed for damp locations with a certified GFI electrical branch. This style is available in both 56" and 60" sizes in white and matte black. The downrod is 18" (0.46m) long. Our second ceiling fan style can be installed outdoors when used with a certified GFI electrical branch. It is connected to a plug and is available in white with a 56" and 60" diameter. The downrod for this fan is 24" (0.61m).

Both styles utilize a J-hook for installation.

Connect the fans to an overarching control system to automate their usage year-round.

Ideally used in facilities with ceiling heights ranging from 10' to 30' (3m to 9m).

Moisture resistant and robust construction save time, labor, and financial resources when any maintenance is completed.

Item Number	Description	Blade Material	Voltage	Wires	Amp	Downrod Length
117698	56" Moisture Resistant F/R (White)	Polymer	120	4	0.70	18"
117699	56" Moisture Resistant F/R (Matte Black)					
117700	60" Moisture Resistant F/R (White)					
117701	60" Moisture Resistant F/R (Matte Black)				0.80	24"
118149	56" Outdoor Rated, Plug & Play (White)					
117702	60" Outdoor Rated, Plug & Play (White)					

GUIDELINES FOR SELECTING A CEILING FAN

Ceiling Height (ft)	Fan Floor Area Coverage (sqft)	Fan Diameter	Recommended Fan
10' - 11'	600	56"	117698 117699 118149
12' - 13'	800		
14' - 15'	900		
16' - 17'	1,000		
18' - 19'	1,100		
20' +	1,200	60"	117700 117701 117702

Ceiling Fan Control:
Part Number 117905,
120V, 60Hz,
Forward/Reverse
direction control, 5
Speed, controls up
to 4 ceiling fans.
